## Consolidated Annual Performance and Evaluation Report (**CAPER**) Measuring Performance Outcomes

**Revised 1/22/15**

OMB Number 2506-0133 (Expiration Date: 12/31/2017)

The CAPER report for HOPWA formula grantees provides annual information on program accomplishments that supports program evaluation and the ability to measure program beneficiary outcomes as related to: maintain housing stability; prevent homelessness; and improve access to care and support. This information is also covered under the Consolidated Plan Management Process (CPMP) report and includes Narrative Responses and Performance Charts required under the Consolidated Planning regulations. The public reporting burden for the collection of information is estimated to average 42 hours per manual response, or less if an automated data collection and retrieval system is in use, along with 60 hours for record keeping, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Grantees are required to report on the activities undertaken only, thus there may be components of these reporting requirements that may not be applicable. This agency may not conduct or sponsor, and a person is not required to respond to a collection of information unless that collection displays a valid OMB control number.

**Overview.** The Consolidated Annual Performance and Evaluation Report (CAPER) provides annual performance reporting on client outputs and outcomes that enables an assessment of grantee performance in achieving the housing stability outcome measure. The CAPER, in conjunction with the Integrated Disbursement Information System (IDIS), fulfills statutory and regulatory program reporting requirements and provides the grantee and HUD with the necessary information to assess the overall program performance and accomplishments against planned goals and objectives.

HOPWA formula grantees are required to submit a CAPER, and complete annual performance information for all activities undertaken during each program year in the IDIS, demonstrating coordination with other Consolidated Plan resources. HUD uses the CAPER and IDIS data to obtain essential information on grant activities, project sponsors, Subrecipient organizations, housing sites, units and households, and beneficiaries (which includes racial and ethnic data on program participants). The Consolidated Plan Management Process tool (CPMP) provides an optional tool to integrate the reporting of HOPWA specific activities with other planning and reporting on Consolidated Plan activities.

**Table of Contents**

**PART 1: Grantee Executive Summary**

1. Grantee Information
2. Project Sponsor Information
3. Administrative Subrecipient Information
4. Program Subrecipient Information
5. Grantee Narrative and Performance Assessment
  - a. Grantee and Community Overview
  - b. Annual Performance under the Action Plan
  - c. Barriers or Trends Overview
  - d. Assessment of Unmet Housing Needs

**PART 2: Sources of Leveraging and Program Income**

1. Sources of Leveraging
2. Program Income and Resident Rent Payments

**PART 3: Accomplishment Data: Planned Goals and Actual Outputs**

**PART 4: Summary of Performance Outcomes**

1. Housing Stability: Permanent Housing and Related Facilities
2. Prevention of Homelessness: Short-Term Housing Payments
3. Access to Care and Support: Housing Subsidy Assistance with Supportive Services

**PART 5: Worksheet - Determining Housing Stability Outcomes**

**PART 6: Annual Certification of Continued Use for HOPWA Facility-Based Stewardship Units (Only)**

**PART 7: Summary Overview of Grant Activities**

- A. Information on Individuals, Beneficiaries and Households Receiving HOPWA Housing Subsidy Assistance (TBRA, STRMU, PHP, Facility Based Units, Master Leased Units ONLY)
- B. Facility-Based Housing Assistance

**Continued Use Periods.** Grantees that received HOPWA funding for new construction, acquisition, or substantial rehabilitations are required to operate their facilities for HOPWA-eligible beneficiaries for a ten (10) years period. If no further HOPWA funds are used to support the facility, in place of completing Section 7B of the CAPER, the grantee must submit an Annual Certification of Continued Project Operation throughout the required use periods. This certification is included in Part 6 in CAPER. The required use period is three (3) years if the rehabilitation is non-substantial.

In connection with the development of the Department’s standards for Homeless Management Information Systems (HMIS), universal data elements are being collected for clients of HOPWA-funded homeless assistance projects. These project sponsor/subrecipient records would include: Name, Social Security Number, Date of Birth, Ethnicity and Race, Gender, Veteran Status, Disabling Conditions, Residence Prior to Program Entry, Zip Code of Last Permanent Address, Housing Status, Program Entry Date, Program Exit Date, Personal Identification Number, and Household Identification Number. These are intended to match the elements under HMIS. The HOPWA program-level data elements include: Income and Sources, Non-Cash Benefits, HIV/AIDS Status, Services Provided, and Housing Status or Destination at the end of the operating year. Other suggested but optional elements are: Physical Disability, Developmental Disability, Chronic Health Condition, Mental Health, Substance Abuse, Domestic Violence, Date of Contact, Date of Engagement, Financial

Assistance, Housing Relocation & Stabilization Services, Employment, Education, General Health Status, , Pregnancy Status, Reasons for Leaving, Veteran’s Information, and Children’s Education. Other HOPWA projects sponsors may also benefit from collecting these data elements.

**Final Assembly of Report.** After the entire report is assembled, please number each page sequentially.

**Filing Requirements.** Within 90 days of the completion of each program year, grantees must submit their completed CAPER to the CPD Director in the grantee’s State or Local HUD Field Office, and to the HOPWA Program Office: at [HOPWA@hud.gov](mailto:HOPWA@hud.gov). Electronic submission to HOPWA Program office is preferred; however, if electronic submission is not possible, hard copies can be mailed to: Office of HIV/AIDS Housing, Room 7212, U.S. Department of Housing and Urban Development, 451 Seventh Street, SW, Washington, D.C.

**Record Keeping.** Names and other individual information must be kept confidential, as required by 24 CFR 574.440. However, HUD reserves the right to review the information used to complete this report for grants management oversight purposes, except for recording any names and other identifying information. **In the case that HUD must review client level data, no client names or identifying information will be retained or recorded. Information is reported in aggregate to HUD without personal identification. Do not submit client or personal information in data systems to HUD.**

**Definitions**

**Adjustment for Duplication:** Enables the calculation of unduplicated output totals by accounting for the total number of households or units that received more than one type of HOPWA assistance in a given service category such as HOPWA Subsidy Assistance or Supportive Services. For example, if a client household received both TBRA and STRMU during the operating year, report that household in the category of HOPWA Housing Subsidy Assistance in Part 3, Chart 1, Column [1b] in the following manner:

HOPWA Housing Subsidy Assistance		[1] Outputs: Number of Households
1.	Tenant-Based Rental Assistance	70
2a.	<b>Permanent Housing Facilities:</b> Received Operating Subsidies/Leased units	0
2b.	<b>Transitional/Short-term Facilities:</b> Received Operating Subsidies	0
3a.	<b>Permanent Housing Facilities:</b> Capital Development Projects placed in service during the operating year	0
3b.	<b>Transitional/Short-term Facilities:</b> Capital Development Projects placed in service during the operating year	0
4.	Short-term Rent, Mortgage, and Utility Assistance	93
5.	<b>Adjustment for duplication (subtract)</b>	11
6.	<b>TOTAL Housing Subsidy Assistance (Sum of Rows 1-4 minus Row 5)</b>	152

**Administrative Costs:** Costs for general management, oversight, coordination, evaluation, and reporting. By statute, grantee administrative costs are limited to 3% of total grant award, to be expended over the life of the grant. Project sponsor administrative costs are limited to 7% of the portion of the grant amount they receive.

**Beneficiary(ies):** All members of a household who received HOPWA assistance during the operating year including the one individual who qualified the household for HOPWA assistance as well as any other members of the household (with or without HIV) who benefitted from the assistance.

**Central Contractor Registration (CCR):** The primary registrant database for the U.S. Federal Government. CCR collects, validates, stores, and disseminates data in support of agency acquisition missions, including Federal agency contract and assistance awards. Both current and potential federal government registrants (**grantees**) are required to register in CCR in order to be awarded contracts by the federal government. Registrants must update or renew their registration at least once per year to maintain an active status. Although recipients of direct federal contracts and grant awards have been required to be registered with CCR since 2003, this requirement is now being extended to indirect recipients of federal funds with the passage of ARRA (American Recovery and Reinvestment Act). Per ARRA and FFATA (Federal Funding Accountability and Transparency Act) federal regulations, all **grantees** and sub-grantees or subcontractors receiving federal grant awards or contracts must have a DUNS (Data Universal Numbering System) Number.

**Chronically Homeless Person:** An individual or family who : (i) is homeless and lives or resides individual or family who: (i) Is homeless and lives or resides in a place not meant for human habitation, a safe haven, or in an emergency shelter; (ii) has been homeless and living or residing in a place not meant for human habitation, a safe haven, or in an emergency shelter continuously for at least 1 year or on at least 4 separate occasions in the last 3 years; and (iii) has an adult head of household (or a minor head of household if no adult is present in the household) with a diagnosable substance use disorder, serious mental illness, developmental disability (as defined in section 102 of the Developmental Disabilities Assistance and Bill of Rights Act of 2000 (42 U.S.C. 15002)), post traumatic stress disorder, cognitive impairments resulting from a brain injury, or chronic physical illness or disability, including the co-occurrence of 2 or more of those conditions. Additionally, the statutory definition includes as chronically homeless a person who currently lives or resides in an institutional care facility, including a jail, substance abuse or mental health treatment facility, hospital or other similar facility, and has resided there for fewer than 90 days if such person met the other criteria for homeless prior to entering that facility. (See 42 U.S.C. 11360(2)) This does not include doubled-up or overcrowding situations.

**Disabling Condition:** Evidencing a diagnosable substance use disorder, serious mental illness, developmental disability, chronic physical illness, or disability, including the co-occurrence of two or more of these conditions. In addition, a disabling condition may limit an individual's ability to work or perform one or more activities of daily living. An HIV/AIDS diagnosis is considered a disabling condition.

**Facility-Based Housing Assistance:** All eligible HOPWA Housing expenditures for or associated with supporting facilities including community residences, SRO dwellings, short-term facilities, project-based rental units, master leased units, and other housing facilities approved by HUD.

**Faith-Based Organization:** Religious organizations of three types: (1) congregations; (2) national networks, which include national denominations, their social service arms (for example, Catholic Charities, Lutheran Social Services), and networks of related organizations (such as YMCA and YWCA); and (3) freestanding religious organizations, which are incorporated separately from congregations and national networks.

**Grassroots Organization:** An organization headquartered in the local community where it provides services; has a social services budget of \$300,000 or less annually, and six or fewer full-time equivalent employees. Local affiliates of national organizations are not considered

“grassroots.”

**HOPWA Eligible Individual:** The one (1) low-income person with HIV/AIDS who qualifies a household for HOPWA assistance. This person may be considered “Head of Household.” When the CAPER asks for information on eligible individuals, report on this individual person only. Where there is more than one person with HIV/AIDS in the household, the additional PWH/A(s), would be considered a beneficiary(s).

**HOPWA Housing Information Services:** Services dedicated to helping persons living with HIV/AIDS and their families to identify, locate, and acquire housing. This may also include fair housing counseling for eligible persons who may encounter discrimination based on race, color, religion, sex, age, national origin, familial status, or handicap/disability.

**HOPWA Housing Subsidy Assistance Total:** The unduplicated number of households receiving housing subsidies (TBRA, STRMU, Permanent Housing Placement services and Master Leasing) and/or residing in units of facilities dedicated to persons living with HIV/AIDS and their families and supported with HOPWA funds during the operating year.

**Household:** A single individual or a family composed of two or more persons for which household incomes are used to determine eligibility and for calculation of the resident rent payment. The term is used for collecting data on changes in income, changes in access to services, receipt of housing information services, and outcomes on achieving housing stability. Live-In Aides (see definition for Live-In Aide) and non-beneficiaries (e.g. a shared housing arrangement with a roommate) who resided in the unit are not reported on in the CAPER.

**Housing Stability:** The degree to which the HOPWA project assisted beneficiaries to remain in stable housing during the operating year. See *Part 5: Determining Housing Stability Outcomes* for definitions of stable and unstable housing situations.

**In-kind Leveraged Resources:** These involve additional types of support provided to assist HOPWA beneficiaries such as volunteer services, materials, use of equipment and building space. The actual value of the support can be the contribution of professional services, based on customary rates for this specialized support, or actual costs contributed from other leveraged resources. In determining a rate for the contribution of volunteer time and services, use the rate established in HUD notices, such as the rate of ten dollars per hour. The value of any donated material, equipment, building, or lease should be based on the fair market value at time of donation. Related documentation can be from recent bills of sales, advertised prices, appraisals, or other information for comparable property similarly situated.

**Leveraged Funds:** The amount of funds expended during the operating year from non-HOPWA federal, state, local, and private sources by grantees or sponsors in dedicating assistance to this client population. Leveraged funds or other assistance are used directly in or in support of HOPWA program delivery.

**Live-In Aide:** A person who resides with the HOPWA Eligible Individual and who meets the following criteria: (1) is essential to the care and well-being of the person; (2) is not obligated for the support of the person; and (3) would not be living in the unit except to provide the necessary supportive services. See the *Code of Federal Regulations Title 24, Part 5.403 and the HOPWA Grantee Oversight Resource Guide for additional reference.*

**Master Leasing:** Applies to a nonprofit or public agency that leases units of housing (scattered-sites or entire buildings) from a landlord, and subleases the units to homeless or low-income tenants. By assuming the tenancy burden, the agency facilitates housing of clients who may not be able to maintain a lease on their own due to poor credit, evictions, or lack of sufficient income.

**Operating Costs:** Applies to facility-based housing only, for facilities that are currently open. Operating costs can include day-to-day housing

function and operation costs like utilities, maintenance, equipment, insurance, security, furnishings, supplies and salary for staff costs directly related to the housing project but not staff costs for delivering services.

**Outcome:** The degree to which the HOPWA assisted household has been enabled to establish or maintain a stable living environment in housing that is safe, decent, and sanitary, (per the regulations at 24 CFR 574.310(b)) and to reduce the risks of homelessness, and improve access to HIV treatment and other health care and support.

**Output:** The number of units of housing or households that receive HOPWA assistance during the operating year.

**Permanent Housing Placement:** A supportive housing service that helps establish the household in the housing unit, including but not limited to reasonable costs for security deposits not to exceed two months of rent costs.

**Program Income:** Gross income directly generated from the use of HOPWA funds, including repayments. See grant administration requirements on program income for state and local governments at 24 CFR 85.25, or for non-profits at 24 CFR 84.24.

**Project-Based Rental Assistance (PBRA):** A rental subsidy program that is tied to specific facilities or units owned or controlled by a project sponsor or Subrecipient. Assistance is tied directly to the properties and is not portable or transferable.

**Project Sponsor Organizations:** Any nonprofit organization or governmental housing agency that receives funds under a contract with the grantee to provide eligible housing and other support services or administrative services as defined in 24 CFR 574.300. Project Sponsor organizations are required to provide performance data on households served and funds expended. Funding flows to a project sponsor as follows:

HUD Funding → Grantee → Project Sponsor

**Short-Term Rent, Mortgage, and Utility (STRMU) Assistance:** A time-limited, housing subsidy assistance designed to prevent homelessness and increase housing stability. Grantees may provide assistance for up to 21 weeks in any 52 week period. The amount of assistance varies per client depending on funds available, tenant need and program guidelines.

**Stewardship Units:** Units developed with HOPWA, where HOPWA funds were used for acquisition, new construction and rehabilitation that no longer receive operating subsidies from HOPWA. Report information for the units is subject to the three-year use agreement if rehabilitation is non-substantial and to the ten-year use agreement if rehabilitation is substantial.

**Subrecipient Organization:** Any organization that receives funds from a project sponsor to provide eligible housing and other support services and/or administrative services as defined in 24 CFR 574.300. If a subrecipient organization provides housing and/or other supportive services directly to clients, the subrecipient organization must provide performance data on household served and funds expended. Funding flows to subrecipients as follows:

HUD Funding → Grantee → Project Sponsor → Subrecipient

**Tenant-Based Rental Assistance (TBRA):** TBRA is a rental subsidy program similar to the Housing Choice Voucher program that grantees can provide to help low-income households access affordable housing. The TBRA voucher is not tied to a specific unit, so tenants may move to a different unit without losing their assistance, subject to individual program rules. The subsidy amount is determined in part based on household income and rental costs associated with the tenant's lease.

**Transgender:** Transgender is defined as a person who identifies with, or presents as, a gender that is different from his/her gender at birth.

**Veteran:** A veteran is someone who has served on active duty in the Armed Forces of the United States. This does not include inactive military reserves or the National Guard unless the person was called up to active duty.

## Part 1: Grantee Executive Summary

As applicable, complete the charts below to provide more detailed information about the agencies and organizations responsible for the administration and implementation of the HOPWA program. Chart 1 requests general Grantee Information and Chart 2 is to be completed for each organization selected or designated as a project sponsor, as defined by CFR 574.3. In Chart 3, indicate each subrecipient organization with a contract/agreement of \$25,000 or greater that assists grantees or project sponsors carrying out their administrative or evaluation activities. In Chart 4, indicate each subrecipient organization with a contract/agreement to provide HOPWA-funded services to client households. These elements address requirements in the Federal Funding and Accountability and Transparency Act of 2006 (Public Law 109-282).

*Note: Please see the definition section for distinctions between project sponsor and subrecipient.*

## **5. Grantee Narrative and Performance Assessment**

### **a. Grantee and Community Overview**

Provide a one to three page narrative summarizing major achievements and highlights that were proposed and completed during the program year. Include a brief description of the grant organization, area of service, the name(s) of the program contact(s), and an overview of the range/type of housing activities provided. This overview may be used for public information, including posting on HUD's website. *Note: Text fields are expandable.*

The State of West Virginia's HOPWA program was established in 1994 for the purpose of providing housing and supportive services to individuals and families infected and affected by HIV/AIDS in West Virginia. The State of West Virginia's Office of Economic Opportunity is the Grantee of HOPWA funds. WVOEO operates the Emergency Solutions Grants Program, the Weatherization Program through the Department of Energy, and the Community Services Block Grant Program through Department of Health & Human Services Administration for Children and Families. Julie Britton Haden is the Homeless Programs Administrator for the ESG and HOPWA. Three non-profit project sponsors are currently funded to provide services across all 55 counties in the State. These project sponsors are: Covenant House, Inc., in Charleston; Caritas House, Inc., in Morgantown; and Community Networks, Inc., in Martinsburg.

Covenant House has always focused on housing for people in West Virginia. They started small, but now have many difference grants in place with that focus in mind. They have operated as a non-profit since 1981. Covenant House began service to persons living with HIV/AIDS in 1989, and later they were able to participate in the HOPWA program. This allowed for the expansion of services to twenty-two counties in southern West Virginia. Covenant House has field offices in Charleston, Beckley and Bluefield, West Virginia. Michael Vincent and Kelsey Ognibene are the case managers and David Bennett provides the program oversight.

Caritas House, Inc. was established in 1994 for the purpose of providing assistance to individuals/families affected by HIV/AIDS and living in 25 counties of northern West Virginia including Monongalia County. The agency mission states "Caritas House Inc. believes that all people have the right to live with dignity. As a community based organization, we are called upon to help people affected by HIV/AIDS and the chronically homeless. In our 25 county service area of North-Central West Virginia, we offer advocacy, case management, prevention education, community outreach, healthcare referrals, emergency shelter, supportive housing, volunteer and supportive services. In doing so we are enabling people with HIV/AIDS and the homeless population to become empowered to improve their health and quality of live." Staff, volunteers and the volunteer Board of Directors strive to keep this mission as their primary focus. Caritas House utilizes operations, supportive services, housing information, permanent housing placement, STRMU, TBRA, and administration funding to operate the HOPWA program. Sharon Wood is the Executive Director and Justin Siko is the Assistant Director.

Community Networks, Inc. (CNI) is a private, nonprofit 501 (c) (3) organization. The organization began as the Berkeley County Coalition for the Homeless. Bethany House, the agency's emergency shelter, has been providing services to the community since 1986. In 1994, the organization changed its name to Community Networks, Inc. and began to further expand its service base to include transitional housing for women and HIV/AIDS housing and supportive services. Faith Haven, the HIV/AIDS residential facility opened its doors in 1995 and the HOPE Living/Learning Center opened in October of 2000. The HIV/AIDS Drop-In Center opened in Martinsburg in April of 2002. The Homelessness Prevention Rapid Re-Housing Program, added in September 2010, allows for housing stabilization services to households at risk or actually homeless. With the closing of the AIDS Network, CNI was able to expand services in Jefferson County, WV and the partnership with Shenandoah Community.

Health Center the Ryan White service provider. Most recent expansion is the addition of the Jefferson County Leasing Project – for 14 units of permanent supportive housing for chronic homeless situations. An additional 4 units have been requested for Berkeley County. Reallocations of resources to the Housing First initiatives have forced the re-design of the HOPE Living Learning Center which is still in the planning stage. CNI utilizes operations, support services, permanent housing placement, housing information, TBRA, STRMU, and administration funds to operate the HOPWA program. Glenda Helman is the Executive Director of Community Networks, Inc.

Many disparities exist in our society for people with special needs. These project sponsor's provide direct service delivery to program participants as well as the State. HOPWA funds assist low-income households living in the State who meet program guidelines with financial support for housing, utilities, transportation reimbursement, and various support services needed to keep them stably housed. Each project sponsor maintains a food pantry and offer other nutritional supplements, hygiene and cleaning supplies to program participants.

While the State of West Virginia seems small, it actually encompasses a very large mountainous geographic region with few interstate connections. Communication between staff and program participants occur in several ways; directly by visit to home or office, by telephone, by fax, and occasionally by email. Travel times and the expense required for travel to and from the offices or nearest municipality where more resources exist can be costly and impractical. Referrals are made to a wide variety of other local services where available, contact information is provided with guidance to assist families to improve quality of life. Home visits are conducted by project sponsor staff to identify housing deficiencies or instability for clients receiving HOPWA financial assistance. Many areas of the State are rural with very few resources available for home repairs or social services.

Direct contact with program participants can provide an opportunity to view current living situation and identify needs, provide services such as smoke detectors and referral to weatherization, and make referrals to assist with necessary repairs. Many times homes are not suitable for human habitation making relocation necessary and costly. It can also be emotionally difficult to leave an area called "home" when it becomes necessary. Case managers and housing coordinators work together to secure a safe, affordable living situation to meet client needs. Relocation services along with financial assistance is provided including application fees, security deposits, utility deposit, complete application and other services to ensure housing status has been improved.

Currently 650 individuals comprising 377 households living in the State have contacted the HOPWA project sponsors for support. Of those, at least 37 households have retained ownership using Permanent Housing. Eighty two (82) households have remained housed with TBRA funds, 104 households received utility assistance and more than 377 case management interactions have occurred. HOPWA clients include 5 veterans who do not qualify for another form of housing subsidy. The Housing coordinators assist to ensure safe, affordable housing is secured for clients who experience relocation. Two program participants who previously received HOPWA assistance are ineligible for a variety of reasons; income changes, lost contact, family intervention or institutionalization for medical or judicial reasons.

One project sponsor, Caritas Hose, sends children aged 7-17 to Camp One Heartland each summer to receive HIV/ADS education in a safe, fun, learning environment. An average of 7 children are sponsored to attend annual. Fundraising efforts of the agency and Board of Directors conduct benefits to raise funds designated to cover the costs of attendance, supplies, transportation and person goods children may need. The cost for each child to attend is \$350 but expenses average \$450 including staff

time require to transport to and from the airport, a minimal investment for sage, educational week with peers. Children are educated regarded HIV/AIDS testing, treatment and transmission by specialized professionals. Such education is recognized as an effective deterrent to risky behavior. Valuable information is shared along with life experiences that can influence young people to make better choices than the generation of people before them. For many of Caritas House camp attendees this is their first place ride or trip away from home, they are so excited arriving at the Pittsburgh International Airport for the departure. Children love to go and return excited about the experience and meet new friends.

The HOPWA Project Sponsor's attend numerous trainings from Pittsburgh Mid-Atlantic AIDS Training Center, Ryan White (Statewide Coordinated Statement of Need), and the Bureau of Public Health to maintain up-to-date information and knowledge concerning HIV/AIDS. Additional community education is provided by HUD, the West Virginia to End Homelessness and other educators. Specific training for capacity building and collaboration of services for community providers has proven beneficial in identifying resources, identifying gaps in services, seeking funds, as well as compliance and guidance for local, state, and federal programs.

**b. Annual Performance under the Action Plan**

Provide a narrative addressing each of the following four items:

**1. Outputs Reported.** Describe significant accomplishments or challenges in achieving the number of housing units supported and the number households assisted with HOPWA funds during this operating year compared to plans for this assistance, as approved in the Consolidated Plan/Action Plan. Describe how HOPWA funds were distributed during your program year among different categories of housing and geographic areas to address needs throughout the grant service area, consistent with approved plans.

**2. Outcomes Assessed.** Assess your program's success in enabling HOPWA beneficiaries to establish and/or better maintain a stable living environment in housing that is safe, decent, and sanitary, and improve access to care. Compare current year results to baseline results for clients. Describe how program activities/projects contributed to meeting stated goals. If program did not achieve expected targets, please describe how your program plans to address challenges in program implementation and the steps currently being taken to achieve goals in next operating year. If your program exceeded program targets, please describe strategies the program utilized and how those contributed to program successes.

The demand for utility assistance in the southern part of the State is greater than any other service HOPWA provides. These program participants are often living in units that need upgraded weatherization to help with the high costs of heating and cooling. The previous year's winter was harsher than most and created a challenge for those we serve. With limited funding the project sponsors try to inform program participants of other options and patch together some assistance to allow help all winter long. Many people have had sudden costs that devastate their budgets and leave them with the tough decisions. In the northern part of the State the project sponsors partners with West Virginia University and the WVU Center for Service and Learning. This relationship has been invaluable not only to the project sponsors band its program participants but the community in general. WVU students not only volunteer but many also complete internships. The project sponsor has had the benefit of working with students from the School of Nursing, Physical Therapy, Occupational Therapy, Sociology, Social Work, Public Administration, Communication, Public Relations, Business, as well as other disciplines. The work completed has not only a direct benefit to our organization and our clients but to other as students move back home and to other areas after graduation. These students are able to carry their experiences and knowledge to new communities outside the service area. Each year this project sponsor logs more than 3600 hours of volunteer service to the agency and community. This has a director impact on the program participants and community as well as a substantial monetary value. When calculated against the average volunteer house in the United State, this equate to nearly \$78,000 worth of value time added each year.

**3. Coordination.** Report on program coordination with other mainstream housing and supportive services resources, including the use of committed leveraging from other public and private sources that helped to address needs for eligible persons identified in the Consolidated Plan/Strategic Plan.

All HOPWA project sponsors input program participant demographic and program-specific information into the HMIS statewide data report system for gathering and reporting services, program participants, or activities. HUD mandates compliance for homeless service providers – which all projects sponsors are. All data received is maintained in the Statewide HMIS reporting system for ease in compliance and accountability for local, state, and federal service and funding providers. All use the system to store and maintain data regarding HOPWA program participants and services as well as homeless individuals and families. Each project sponsor is an active member in their local Continuum of Care and take part in community based homelessness planning councils. All take part in local weekly multi-disciplinary meetings centering on housing and correct placement of individuals and families. Project sponsors working to make referrals to other mainstream housing resources in order to offset costs associated with tenant based housing. The Department of Health and Human Resources and other service providers offer LIHEAP Utility Assistance, provider program participant’s resource information available to the household with support to complete application, and determine and comply with eligibility requirements. All project sponsors also work closely with the Ryan White Part B case managers as well as the Ryan White clinics.

**4. Technical Assistance.** Describe any program technical assistance needs and how they would benefit program beneficiaries.

More specific training on the CAPER as well as a formatted excel spreadsheet for the reporting of data would allow for more accurate tracking and reporting.

**c. Barriers and Trends Overview**

Provide a narrative addressing items 1 through 3. Explain how barriers and trends affected your program’s ability to achieve the objectives and outcomes discussed in the previous section.

1. Describe any barriers (including regulatory and non-regulatory) encountered in the administration or implementation of the HOPWA program, how they affected your program’s ability to achieve the objectives and outcomes discussed, and, actions taken in response to barriers, and recommendations for program improvement. Provide an explanation for each barrier selected.

Limited funding creates the requirement to place limits on the amount of federal assistance to eligible households. Transportation to housing services, including our own HOPWA services, can be problematic for program participants. Within the State, and especially in the southern part of the state, there is distrust of any outside entity coming in, regardless of how benevolent offering assistance. Many program participants travel hours from their home to receive medical care so persons in their home community will not find out their HUV status.

Housing availability will be an on-going issue for some time to come. Housing that is affordable to the

majority of program participants would be borderline acceptable for HUD standards. The units are checked and lead based paint warnings are issued but as the units age there is little interest in repairs.

2. Describe any trends in the community that may affect the way in which the needs of persons living with HIV/AIDS are being addressed, and provide any other information important to the future provision of services to this population.

Access to safe, sustainable, income-based affordable housing is especially difficult in West Virginia due to the lack of housing standards, building codes, and lack of oversight in construction projects.

Two project sponsors operate and emergency shelter to provide short-term housing to individuals and families who are homeless, at-risk of becoming homeless, or in need of relocation to receive medical care. These facilities are supervised to ensure that unmet needs are identified and resources are provided to address the needs. Public transportation is not available in many areas, rural areas throughout the state make travel time consuming and expensive, poverty level and travel expenses contribute to financial hardships. Geographic barriers, transportation costs and fixed incomes combined with limited treatment facilities contribute to increases in non-compliance and recommended care. Currently, there are only three Ryan White health clinics in the state. These locations can require many clients to travel significant distances to receive care at a personal expense. HIV/AIDS education continues to be an important issue with the population as a whole. Education is essential to eliminating ignore, fear, discrimination, stigma, spread and ultimately the disease itself.

3. Identify any evaluations, studies, or other assessments of the HOPWA program that are available to the public.

**d. Unmet Housing Needs: An Assessment of Unmet Housing Needs**

In Chart 1, provide an assessment of the number of HOPWA-eligible households that require HOPWA housing subsidy assistance but are not currently served by any HOPWA-funded housing subsidy assistance in this service area.

In Row 1, report the total unmet need of the geographical service area, as reported in *Unmet Needs for Persons with HIV/AIDS*, Chart 1B of the Consolidated or Annual Plan(s), or as reported under HOPWA worksheet in the Needs Workbook of the Consolidated Planning Management Process (CPMP) tool.

*Note: Report most current data available, through Consolidated or Annual Plan(s), and account for local housing issues, or changes in HIV/AIDS cases, by using combination of one or more of the sources in Chart 2.*

If data is collected on the type of housing that is needed in Rows a. through c., enter the number of HOPWA-eligible households by type of housing subsidy assistance needed. For an approximate breakdown of overall unmet need by type of housing subsidy assistance refer to the Consolidated or Annual Plan (s), CPMP tool or local distribution of funds. Do not include clients who are already receiving HOPWA-funded housing subsidy assistance.

Refer to Chart 2, and check all sources consulted to calculate unmet need. Reference any data from neighboring states' or municipalities' Consolidated Plan or other planning efforts that informed the assessment of Unmet Need in your service area.

*Note: In order to ensure that the unmet need assessment for the region is comprehensive, HOPWA formula grantees should include those unmet needs assessed by HOPWA competitive grantees operating within the service area.*

**PART 2: Sources of Leveraging and Program Income**

**1. Sources of Leveraging**

Report the source(s) of cash or in-kind leveraged federal, state, local or private resources identified in the Consolidated or Annual Plan and used in the delivery of the HOPWA program and the amount of leveraged dollars. In Column [1], identify the type of leveraging. Some common sources of leveraged funds have been provided as a reference point. You may add Rows as necessary to report all sources of leveraged funds. Include Resident Rent payments paid by clients directly to private landlords. Do NOT include rents paid directly to a HOPWA program as this will be reported in the next section. In Column [2] report the amount of leveraged funds expended during the operating year. Use Column [3] to provide some detail about the type of leveraged contribution (e.g., case management services or clothing donations). In Column [4], check the appropriate box to indicate whether the leveraged contribution was a housing subsidy assistance or another form of support.

*Note: Be sure to report on the number of households supported with these leveraged funds in Part 3, Chart 1, Column d.*

**PART 3: Accomplishment Data Planned Goal and Actual Outputs**

In Chart 1, enter performance information (goals and actual outputs) for all activities undertaken during the operating year supported with HOPWA funds. Performance is measured by the number of households and units of housing that were supported with HOPWA or other federal, state, local, or private funds for the purposes of providing housing assistance and support to persons living with HIV/AIDS and their families.

*Note: The total households assisted with HOPWA funds and reported in PART 3 of the CAPER should be the same as reported in the annual year-end IDIS data, and goals reported should be consistent with the Annual Plan information. Any discrepancies or deviations should be explained in the narrative section of PART 1.*

### 3. Short-Term Rent, Mortgage and Utility Assistance (STRMU) Summary

In Row a., enter the total number of households served and the amount of HOPWA funds expended on Short-Term Rent, Mortgage and Utility (STRMU) Assistance. In Row b., enter the total number of STRMU-assisted households that received assistance with mortgage costs only (no utility costs) and the amount expended assisting these households. In Row c., enter the total number of STRMU-assisted households that received assistance with both mortgage and utility costs and the amount expended assisting these households. In Row d., enter the total number of STRMU-assisted households that received assistance with rental costs only (no utility costs) and the amount expended assisting these households. In Row e., enter the total number of STRMU-assisted households that received assistance with both rental and utility costs and the amount expended assisting these households. In Row f., enter the total number of STRMU-assisted households that received assistance with utility costs only (not including rent or mortgage costs) and the amount expended assisting these households. In row g., report the amount of STRMU funds expended to support direct program costs such as program operation staff.

**Data Check:** The total households reported as served with STRMU in Row a., column [1] and the total amount of HOPWA funds reported as expended in Row a., column [2] equals the household and expenditure total reported for STRMU in Part 3, Chart 1, Row 4, Columns b. and f., respectively.

**Data Check:** The total number of households reported in Column [1], Rows b., c., d., e., and f. equal the total number of STRMU households reported in Column [1], Row a. The total amount reported as expended in Column [2], Rows b., c., d., e., f., and g. equal the total amount of STRMU expenditures reported in Column [2], Row a.

**Part 4: Summary of Performance Outcomes**

In Column [1], report the total number of eligible households that received HOPWA housing subsidy assistance, by type. In Column [2], enter the number of households that continued to access each type of housing subsidy assistance into next operating year. In Column [3], report the housing status of all households that exited the program.

**Data Check:** The sum of Columns [2] (Number of Households Continuing) and [3] (Exited Households) equals the total reported in Column[1].

**Section 2. Prevention of Homelessness: Assessment of Client Outcomes on Reduced Risks of Homelessness (Short-Term Housing Subsidy Assistance)**

Report the total number of households that received STRMU assistance in Column [1].  
 In Column [2], identify the outcomes of the households reported in Column [1] either at the time that they were known to have left the STRMU program or through the project sponsor or subrecipient’s best assessment for stability at the end of the operating year.  
 Information in Column [3] provides a description of housing outcomes; therefore, data is not required.  
 At the bottom of the chart:

- In Row 1a., report those households that received STRMU assistance during the operating year of this report, and the prior operating year.
- In Row 1b., report those households that received STRMU assistance during the operating year of this report, and the two prior operating years.

**Data Check:** The total households reported as served with STRMU in Column [1] equals the total reported in Part 3, Chart 1, Row 4, Column b.

### Section 3. HOPWA Outcomes on Access to Care and Support

#### 1a. Total Number of Households

Line [1]: For project sponsors/subrecipients that provided HOPWA housing subsidy assistance during the operating year identify in the appropriate row the number of households that received HOPWA housing subsidy assistance (TBRA, STRMU, Facility-Based, PHP and Master Leasing) and HOPWA funded case management services. Use Row c. to adjust for duplication among the service categories and Row d. to provide an unduplicated household total.

Line [2]: For project sponsors/subrecipients that did NOT provide HOPWA housing subsidy assistance identify in the appropriate row the number of households that received HOPWA funded case management services.

*Note: These numbers will help you to determine which clients to report Access to Care and Support Outcomes for and will be used by HUD as a basis for analyzing the percentage of households who demonstrated or maintained connections to care and support as identified in Chart 1b. below.*

**PART 5: Worksheet - Determining Housing Stability Outcomes (optional)**

1. This chart is designed to assess program results based on the information reported in Part 4 and to help Grantees determine overall program performance. Completion of this worksheet is optional.

<b>Permanent Housing Subsidy Assistance</b>	<b>Stable Housing</b> (# of households remaining in program plus 3+4+5+6)	<b>Temporary Housing</b> (2)	<b>Unstable Arrangements</b> (1+7+8)	<b>Life Event</b> (9)
Tenant-Based Rental Assistance (TBRA)				
Permanent Facility-based Housing Assistance/Units				
Transitional/Short-Term Facility-based Housing Assistance/Units				
<b>Total Permanent HOPWA Housing Subsidy Assistance</b>				
<b>Reduced Risk of Homelessness: Short-Term Assistance</b>	<b>Stable/Permanent Housing</b>	<b>Temporarily Stable, with Reduced Risk of Homelessness</b>	<b>Unstable Arrangements</b>	<b>Life Events</b>
Short-Term Rent, Mortgage, and Utility Assistance (STRMU)				
<b>Total HOPWA Housing Subsidy Assistance</b>				

**Background on HOPWA Housing Stability Codes**

**Stable Permanent Housing/Ongoing Participation**

- 3 = Private Housing in the private rental or home ownership market (without known subsidy, including permanent placement with families or other self-sufficient arrangements) with reasonable expectation that additional support is not needed.
- 4 = Other HOPWA-funded housing subsidy assistance (not STRMU), e.g. TBRA or Facility-Based Assistance.
- 5 = Other subsidized house or apartment (non-HOPWA sources, e.g., Section 8, HOME, public housing).
- 6 = Institutional setting with greater support and continued residence expected (e.g., residential or long-term care facility).

**Temporary Housing**

2 = Temporary housing - moved in with family/friends or other short-term arrangement, such as Ryan White subsidy, transitional housing for homeless, or temporary placement in institution (e.g., hospital, psychiatric hospital or other psychiatric facility, substance abuse treatment facility or detox center).

**Unstable Arrangements**

- 1 = Emergency shelter or no housing destination such as places not meant for habitation (e.g., a vehicle, an abandoned building, bus/train/subway station, or anywhere outside).
- 7 = Jail /prison.
- 8 = Disconnected or disappeared from project support, unknown destination or no assessments of housing needs were undertaken.

**Life Event**

9 = Death, i.e., remained in housing until death. This characteristic is not factored into the housing stability equation.

**Tenant-based Rental Assistance:** Stable Housing is the sum of the number of households that (i) remain in the housing and (ii) those that left the assistance as reported under: 3, 4, 5, and 6. Temporary Housing is the number of households that accessed assistance, and left their current housing for a non-permanent housing arrangement, as reported under item: 2. Unstable Situations is the sum of numbers reported under items: 1, 7, and 8.

**Permanent Facility-Based Housing Assistance:** Stable Housing is the sum of the number of households that (i) remain in the housing and (ii) those that left the assistance as shown as items: 3, 4, 5, and 6. Temporary Housing is the number of households that accessed assistance, and left their current housing for a non-permanent housing arrangement, as reported under item 2. Unstable Situations is the sum of numbers reported under items: 1, 7, and 8.

**Transitional/Short-Term Facility-Based Housing Assistance:** Stable Housing is the sum of the number of households that (i) continue in the residences (ii) those that left the assistance as shown as items: 3, 4, 5, and 6. Other Temporary Housing is the number of households that accessed assistance, and left their current housing for a non-permanent housing arrangement, as reported under item 2. Unstable Situations is the sum of numbers reported under items: 1, 7, and 8.

**Tenure Assessment.** A baseline of households in transitional/short-term facilities for assessment purposes, indicate the number of households whose tenure exceeded 24 months.

**STRMU Assistance:** Stable Housing is the sum of the number of households that accessed assistance for some portion of the permitted 21-week period and there is reasonable expectation that additional support is not needed in order to maintain permanent housing living situation (as this is a time-limited form of housing support) as reported under housing status: Maintain Private Housing with subsidy; Other Private with Subsidy; Other HOPWA support; Other Housing Subsidy; and Institution. Temporarily Stable, with Reduced Risk of Homelessness is the sum of the number of households that accessed assistance for some portion of the permitted 21-week period or left their current housing arrangement for a transitional facility or other temporary/non-permanent housing arrangement and there is reasonable expectation additional support will be needed to maintain housing arrangements in the next year, as reported under housing status: Likely to maintain current housing arrangements, with additional STRMU assistance; Transitional Facilities/Short-term; and Temporary/Non-Permanent Housing arrangements. Unstable Situation is the sum of number of households reported under housing status: Emergency Shelter; Jail/Prison; and Disconnected.

**End of PART 5**

**PART 6: Annual Certification of Continued Usage for HOPWA Facility-Based Stewardship Units (ONLY)**

The Annual Certification of Usage for HOPWA Facility-Based Stewardship Units is to be used in place of Part 7B of the CAPER if the facility was originally acquired, rehabilitated or constructed/developed in part with HOPWA funds but no HOPWA funds were expended during the operating year. Scattered site units may be grouped together on one page.

Grantees that used HOPWA funding for new construction, acquisition, or substantial rehabilitation are required to operate their facilities for HOPWA eligible individuals for at least ten (10) years. If non-substantial rehabilitation funds were used they are required to operate for at least three (3) years. Stewardship begins once the facility is put into operation.

*Note: See definition of Stewardship Units.*

**Part 7: Summary Overview of Grant Activities****A. Information on Individuals, Beneficiaries, and Households Receiving HOPWA Housing Subsidy Assistance (TBRA, STRMU, Facility-Based Units, Permanent Housing Placement and Master Leased Units ONLY)**

*Note: Reporting for this section should include ONLY those individuals, beneficiaries, or households that received and/or resided in a household that received HOPWA Housing Subsidy Assistance as reported in Part 3, Chart 1, Row 7, Column b. (e.g., do not include households that received HOPWA supportive services ONLY).*

**Section 1. HOPWA-Eligible Individuals who Received HOPWA Housing Subsidy Assistance****a. Total HOPWA Eligible Individuals Living with HIV/AIDS**

In Chart a., provide the total number of eligible (and unduplicated) low-income individuals living with HIV/AIDS who qualified their household to receive HOPWA housing subsidy assistance during the operating year. This total should include only the individual who qualified the household for HOPWA assistance, NOT all HIV positive individuals in the household.

<b>Individuals Served with Housing Subsidy Assistance</b>	<b>Total</b>
