- This meeting – Quick review of the year and what we are looking at for 2022
- 2021 Year in review timeline
- 18 projects will be funded by first round of applications
- Project Breakdown
- 18 recommended apps
- 9 will be stormwater
- 2 water treatment plant relocation
- 2 Dam modification
- 1 sanitary sewer relocation
- 4 planning
- 65M grant funds obligated in first round
- 40M will go towards LMI
- WVDED CDBG-MIT in 2022
- 1<sup>st</sup> round project implementation
- 2<sup>nd</sup> round open in spring 2022
- -more competitive
- -funding more limited
- Explain MID Counties from HUD/State
- Conclusion of Slides
- **Questions:**
- Can you email a list of funded projects?
- (request made to send to everyone)
- How much money is left?
- 40M ballpark, some reserved for Admin, 2<sup>nd</sup> round will announce how much left in each funding area
- Where do we find applications? Apps will be posted on MIT website when cycle opens (spring)
- We will hold another meeting when that cycle begins

- Region 5 is going to be updating their hazard mitigation plan, and we have a non-competitive grant for Regional Councils to use. That funding has been made known for RPDCs, to update 2 Hazard Mitigation Plans.
- Meeting adjourned at 12:41pm
- Meeting again in the spring
